A complete copy should be retained by the prospective incorporators.

Requests for clarification as to what information is necessary to complete this application should be directed to the State Banking Supervisor and to the Regional Director of the Federal Deposit Insurance Corporation Region in which the Proposed Bank is located.

You may provide any information in addition to that requested in the application which, in your opinion, might aid in the disposition of your proposal. However, any such unsolicited information will be accepted for consideration with the understanding that it may be made public.

It is the affirmative duty of the prospective incorporators to advise the State Banking Supervisor and the Regional Director of the Federal Deposit Insurance Corporation in which the Proposed Bank is to be located of any changes in the proposed management (Officers and Directors) or in the proposed ownership of 10% or more of the bank's stock which occur prior to the opening of the bank.

Complete responses to all applicable questions in this application will expedite processing.

We, the undersigned prospective incorporators, being natural persons and of lawful age, intend to organize a State banking corporation as indicated above. We hereby make application to the State Banking Supervisor for a charter under the provisions of State law and to the Federal Deposit Insurance Corporation to become, upon organization, an insured bank under the provisions of the Federal Deposit Insurance Act.

It is understood that the State Banking Supervisor and the Board of Directors of the Federal Deposit Insurance Corporation, in applying the factors set out in State and Federal Statutes, will consider the application only with respect to the general character or type of business stated and that the Bank will not engage in any other business without the prior written consent of the Supervisor and the Corporation.

It is further understood that Federal deposit insurance will not become effective (a) until the proposed bank has been incorporated and authorized to engage in the business of receiving deposits (b) until the board of directors of the bank has adopted a resolution (Form 6200/19) ratifying and confirming the action of these incorporators in making this application with supporting information, (c) until the bank has fulfilled such requirements, if any, as may be imposed by the Federal Deposit Insurance Corporation as a condition of its approval of this application, and (d) until the bank has been notified that its membership in said Corporation has been approved.

We have, in connection with this application, considered the following provisions of Section 362.030 RSMo and Sections 5 and 6 of the Federal Deposit Insurance Act which govern the admission of banks to membership in the Federal Deposit Insurance Corporation, namely:

“362.030 Commissioner to examine as to character and capital. 1. When any bank or trust company has filed with the commissioner proper copies of its articles of agreement, paid all incorporation and other fees in full, as required by law and provided the cash required by law, the commissioner, before the bank or trust company shall complete its incorporation, shall cause an examination to be made to ascertain whether the requisite capital of the bank or trust company has been subscribed in good faith and paid in actual cash and is ready for use in the transaction of business of the proposed bank or trust company, and whether the character, responsibility and general fitness of the persons named in the articles of agreement are such as to command confidence and warrant belief that the business of the proposed corporation will be conducted honestly and efficiently in accordance with the intent and purpose of this chapter, and if the convenience and needs of the community to be served justify and warrant the opening of the bank or trust company therein, and if the probable volume of business in such locality is sufficient to insure and maintain the solvency of the new bank or trust company and the solvency of the then existing banks and trust companies in the locality, without endangering the safety of any bank or trust company in the locality as a place of deposit of public and private moneys.”

FDI Act, Section 5. “Subject to the provisions of this Act,...any State nonmember bank, upon application to and examination by the Corporation and approval by the Board of Directors, may become an insured bank. Before approving the application of any such State nonmember bank, the Board of Directors shall give consideration to the factors enumerated in section 6 in determining whether to approve the application for insurance.”

FDI Act, Section 6. “The factors...to be considered by the Board of Directors under section 5 shall be the following: The financial history and condition of the bank, the adequacy of its capital structure, its future earnings prospects, the general character of its management, the risk presented to the Bank Insurance Fund, the convenience and needs of the community to be served by the bank, and whether or not its corporate powers are consistent with the purposes of this Act.”

In support of this application, we hereby make the following statements and representations and submit the following information upon the several factors enumerated in State and Federal statutes for the purpose of inducing the State Banking Supervisor to approve the proposed bank charter and inducing the Board of Directors of the Federal Deposit Insurance Corporation to approve the proposed bank for membership in the Corporation and we hereby request that examiners be assigned to make the necessary investigations.

THE UNDERSIGNED HEREBY CERTIFY, JOINTLY AND SEVERALLY, that the statements contained herein are true to our best knowledge and belief, and that they are made for the purpose of inducing the State Banking Supervisor to grant a charter and inducing the Federal Deposit Insurance Corporation to accept the proposed bank, when organized, as a member of the Federal Deposit Insurance Corporation.
